

"I HAVE been using Doctor Caldwell's Syrup Pepsin for more than seven years. I believe it saved my little granddaughter's life, as she had such terrible spasms, caused by the condition of her stomach, until we gave her Syrup Pepsin. Our family thinks there is no remedy like Dr. Caldwell's Syrup Pepsin for the stomach and bowels."

PUBLISH FALSE REPORTS AS TO ITALY'S CONDITION

Unable to Justify Failure, Austrian Papers Resort to Unfair Propaganda.

(International News Service.)
Washington, June 25.—The Austrian press, having exhausted all its arguments to justify the complete failure of the first phase of the offensive on the Italian front, has resumed publishing false statements regarding Italy's internal conditions and is making assertions aimed to create dissension among the allies, says an official dispatch from Rome this afternoon. The truth is, says the dispatch, that never was the Italian nation quieter and more serenely confident of the war's final issue. It adds that reports of anti-war demonstrations in Milan, Rome and Turin are absolutely false and that moreover, in many cities there have been warm manifestations of sympathy and recognition of the army's heroic performance.

Denying reports spread by the German government that the Italian command sent to France troops made up of the remains of the second army thrusts, the dispatch says these contingents were picked from those troops who are today giving fresh proof of their valor on the plateaus of Italy and along the Piave.

ABLE-BODIED PRISONERS EXCHANGED HEAD FOR HEAD

Russia and Austria Agree as to Repatriation of War Prisoners.

(Associated Press.)
Moscow, Tuesday, June 18.—An understanding has been reached between Russia and Austria that pending final agreement regarding the repatriation of war prisoners, able-bodied prisoners may be exchanged immediately, head for head, in numbers as great as the carrying capacity of railroads and other means of transportation permit. It is also stipulated that civil prisoners of military age shall be released. Negotiations between Russia and Germany regarding the same question

have been interrupted because Germany insisted upon an exchange, head for head, which arrangement would be of great advantage to her, as she has the larger number of prisoners, who would remain and work in Germany. The Russians wanted all prisoners repatriated and regardless of the inequality of numbers. The matter has been submitted to the committee for adjustment. Russia's consent to the exchange with Austria on a head-for-head basis may be explained by the fact that Russia has a great number of Austrians, but only 120,000 Germans, while Germany has several million Russians.

FIRST MILLION TONS SOON TO BE DELIVERED

Last Week's Deliveries Totaled Five Steel Vessels With Tonnage of 37,850.

(Associated Press.)
Washington, June 25.—The first million tons of new ships built on contract for the shipping board probably will be delivered before the end of the month. Last week deliveries totaled five steel vessels, with a dead weight tonnage of 37,850, making the grand total of 1918 production 924,200 dead weight tons.

Deliveries during the first three weeks of June have averaged one ship a day, with an aggregate carrying capacity of 125,922 tons. The first of forty-five steel vessels to be built in Japan for the shipping board has arrived at the country and been placed in commission under the American flag. The ship is the Eastern Sun, a cargo carrier of 9,666 dead weight tons.

Of twenty-three steel vessels chartered from Japan by the shipping board, twenty-two have been delivered in this country. They total approximately 145,000 tons.

THRESHER BUSY GETTING OUT BIG WHEAT CROP

(Special to The News.)
Dalton, Ga., June 25.—The threshers are busy this week threshing this county's biggest and best wheat crop on record. In every section of the county the farmers have grown wheat—not big crops, but some, there being few who have not made more than enough for their bread. In the northern part of the county where the bulk of the wheat is grown, the crop is unusually fine. It is probable that the wheat acreage in Whitfield county is double what it was last year, and the farmers are planning bigger wheat crops next year.

VIGOROUS CAMPAIGN AGAINST PROFITEERING

(International News Service.)
Washington, June 25.—The most vigorous campaign against profiteering in food stuffs is about to be launched throughout the country, officials of the food administration stated today. The plan is simple, but effective. It will consist largely of cutting off the fuel supply of those firms found by the state food administration to be engaged in profiteering. The fuel administration, it is known, has pledged its full co-operation in carrying out its part through its state officials. The new method of crushing illegal profiteering, officials stated, was tried out in Philadelphia, where it proved so effective that it will be used as a nationwide campaign.

OVER 700 OF DRAFT AGE ROUNDED UP IN BROOKLYN

Police Surround Elevated Railway Stations and Question All Appearing of Draft Age.

New York, June 25.—More than 700 men of draft age were rounded up by the police in the Brooklyn district of Brooklyn last night and taken to police stations where they were questioned by federal agents concerning their registration cards. The raid was prompted by local draft officers, who were disappointed in the registration of June 5, and who had learned that circulars had been distributed urging all young men to resist being "illegally inducted into the army."

Provost Marshal-General Crowder was notified and last night a cordon of police was thrown around three elevated railway stations in the Brownsville district. As men left the trains all who appeared to be of draft age were questioned and those who could not show their registration cards were hurried to police stations. Those who were without cards were locked up for the night. They will be taken before their local boards and registered tomorrow.

BEAUTIFUL HAIR THICK, WAVY, FREE FROM DANDRUFF

Draw a moist cloth through hair and double its beauty at once.

Save your hair! Dandruff disappears and hair stops coming out.

Immediate?—Yes! Certain?—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after an application of Danderine. Also try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them, its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful. You can surely have pretty, charming lustrous hair, and lots of it, if you will spend a few cents for a bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.—(Adv.)

SOLDIER SENDS HOME PARTS OF GERMAN PLANE

Trophy of American Achievement on Battle Front Received in Cleveland.

(Special to The News.)
Cleveland, June 25.—Relatives of Tom Marler have received a letter from him in which he incloses a trophy of the air from the front lines. It is a portion of the wings of a German aeroplane which was brought down by the shot of an American boy. While Tom is now a resident of Washington state, this section is his boyhood home where he has many friends and relatives who will be glad to hear of the high spirit that obsesses American boys right in the face of the Hun.

The trophy has two holes punched through it by the gun fire of the American boy. He says: "I am sending you as a trophy of American achievements over here a piece of a German aeroplane which I saw an American boy shoot down. It fell near the front lines and I got a piece of the machine. We first saw it coming as a mere speck in the sky, and our gunners got ready to combat the German. With our eyes, we followed him close to our lines. I saw one of our boys leveling for the enemy, and at the discharge of his gun, down dashed the two Huns to death at our feet, almost. As the enemy plane died, our boys' shouts and cheers rent the air for thousands of happy American boys. "That boy shot with the same steady nerve that he would shoot at a squirrel. In the machine were two Germans—a gunner and a driver, but they have gone where we will send the rest of them."

"Papa, show this trophy to Mr. Jones, the banker, and tell him this is a sample of what our boys are doing over here in appreciation of the way the folks back home are supporting us, and encouraging us on. It encourages us to hear from home that all the boys are smart and cool with the boys. We are even more happy than when first we saw the Huns from the front lines. They are no match for us, but our strength comes from home. When we hear of the folks back home going 'over the top' for just one aim after another it cheers us on to duty as nothing else could. We like to get letters from home. Tell all my friends to write me."

NEW STAR CARRIES HONORS TO ITALY

(International News Service.)
London, June 25.—The new star which was recently discovered by astronomers was adopted by Germany and Italy as an omen of victory, but the honors went to Italy, said a dispatch received here today.

The comet in question is believed to have been observed first by an astronomer at the observatory on the Cape of Good Hope.

RHEA WILL SEND ANOTHER QUOTA TO CAMP GORDON

(Special to The News.)
Dayton, June 25.—The Rhea county local board will send fifty-three selected men from Rhea county on the 27th. These men will leave on the early morning train for Camp Gordon, Chamblee, Ga. Five more men will go to Knoxville July 1 for technical training.

INCREASE IN VOTING STRENGTH OF WHITFIELD

(Special to The News.)
Dalton, Ga., June 25.—Following a week's work, the board of registrars has completed the work of revising the county's voting lists, the totals showing 3,384 names on the registration books, which is a substantial increase over the last registration. Of these, only fifty-seven are negroes.

FIRST COTTON BLOOM OF GEORGIA BROUGHT IN

(Special to The News.)
Dalton, Ga., June 25.—An indication of the fact that Whitfield county's cotton crop is much farther advanced than is usual for this time of year is the appearance of the first bloom, brought to Dalton by Henry Smith, a negro farmer living near here. The bloom is three weeks earlier than the first bloom of last year, and is about a week earlier than usual.

LATE ADVICES SHOW LITTLE HOPE FOR RELIEF

(International News Service.)
London, June 25.—Advices from the central empires today revealed that there is little hope for an immediate increase in the food allowances. However, socialists continue their conferences with the government at Vienna. The Exchange Telegraph understands that Baron Bielebenthe, "iron-handed" governor of Lower Austria, may succeed Count Von Seydler as Austrian premier.

POTATO RATIONS AT DUSSELDORF ARE CUT

London, June 25.—The potato rations at Dusseldorf, Germany, have been cut to five pounds weekly, according to a Central News dispatch from Amsterdam today.

GERMAN TROOPS INFLECTED HEAVY LOSSES, SAYS BERLIN

(Associated Press.)
Berlin, Monday, June 24. (via London).—German troops in an attack on the trenches in the Baden-Villers region occupied by French and Americans, inflicted heavy losses, according to the official communication from headquarters today, and brought back prisoners. The text of the statement reads: "The situation is unchanged. Increased fighting activity continued throughout the day on the Ancre and the Aves; in the evening it revived on the other sectors of the battle front. "There was lively reconnoitering activity during the night. East of Radon-Villers shock troops penetrated the Franco-American trenches and inflicted heavy losses. They brought back forty prisoners."

CUMBERLAND COUNTY COKE PRICE SCHEDULE ANNOUNCED

Washington, June 25.—New maximum prices for coke made in Cumberland county, Tennessee, were announced last night by the fuel administration as follows: Cumberland, \$7.25 for blast furnace coke, and \$8.25 for 72-hour selected foundry.
